

Primer

Template

+

dATP \rightarrow degrades

+

dTTP \rightarrow degrades

+

dGTP \rightarrow chemiluminescence =

The diagram shows the DNA template with the primer and the growing red strand. The red strand now ends with a 'G' at its tip, indicated by a red arrow pointing to the 'G'.

+

dCTP \rightarrow degrades

+

dATP \rightarrow chemiluminescence =

The diagram shows the DNA template with the primer and the growing red strand. The red strand now ends with 'GA' at its tip, indicated by a red arrow pointing to the 'GA'.
